### U. S. May Quit Mexico 'Gradually'

#### TENTATIVE PLAN AGREED ON, SAYS EL PASO REPORT

Gradual Retirement of Americans From Neighbor Country is Expected

#### CARRANZA TO FORCE PURSUIT OF VILLA

Such is Outline of Agreement Reported Reached By Scott and Obregon

(Associated Press by Federal Wireline)

EL PASO, Tex., May 3.—A tentative agreement is reported to have been reached between Gen. Hugh L. Scott, chief of staff, U. S. A., and Gen. Alvaro Obregon, Carranza's chief military leader now, providing for the "gradual retirement" of American troops from Mexico.

According to the report, which arises from the conferences held here between Gen. Scott, Gen. Funston and Gen. Obregon, the Americans are to begin soon taking their troops back across the border. On the way the troops are not to enter any Mexican towns or come in contact in any way with the Mexicans.

Gen. Obregon is understood to have agreed to pursue Gen. Villa with all the Carranza troops available.

### PLANTERS WORK ON WAGE SCHEME

#### Long Meeting of Trustees Held This Morning, With Indications of More Progress Made

For more than three hours today, from 9:30 until after 12:30, the matter of wage increases for plantation labor was considered and debated at a meeting held in the office of the Hawaiian Sugar Planters' Association.

At the close of the meeting an announcement of plans was made, but it was apparent that final agreement upon details had not been arrived at.

It is understood that a fair and equitable working plan has been evolved and submitted to the Planters' Association. As to various minor details the plan has not been perfected to the satisfaction of all. It was such details that were gone over thoroughly at the meeting held this morning and it was such details that were subject of discussion and debate.

To care for the various classes of labor that are employed, it was stated at the outset, is a problem that was expected to take time and close attention to various details. To have the increase go to the faithful and steady laborer is another question that is involved. It appears that the general plan covers all of these points, and after the meeting it was said that good progress was being made and that definite announcement of the final and completed plan might be expected in the early future.

Rumor still has it that the planters virtually agreed on a system of a 20 per cent extra wage for each 20 days worked by a laborer, and there has never been any serious question that a minimum wage plan must be adapted to the extra wage and bonus features. This minimum, it is reported, will be the same as at present, but the extra wage and bonus plan will give labor much handsomer realization on the year's work.

Details of the plan will be further worked out this afternoon.

WASHINGTON, D. C., May 3.—The foreign relations committee of the senate has indefinitely postponed action on all pending resolutions affecting foreign affairs, including those dealing with the Mexican and European situations. ### GRAY ENLARGES ON CHARGE HE'S FRAME-UP VICTIM

Discharged Wahiawa Police Officer Says Deal Fixed Up to Oust Him

#### SAYS CHANG CHAU MAN WHO ENGINEERED PLOT

Chinese Wished to Get Even and Help Own Case in Federal Court, He Alleges

Declaring himself the victim of a "frame-up" engineered by Chang Chau, well-known Chinese storekeeper of Wahiawa and Leliehua, Former Police Officer Jesse Gray of Wahiawa has given a detailed statement of his charges to the Star-Bulletin.

Gray's case was under investigation for some time by the civil service commission, resulting in an order from the commission to Sheriff Rose directing that the Wahiawa officer be dismissed. Though Rose declared from the first his belief in Gray's innocence, he had no alternative but to obey the order.

The charges against Gray which the civil service commission probed were that he had been accepting \$5 a week "hush-money" from two chieftain gambling games in operation at or near Wahiawa. These charges were laid before the commission by City Attorney Brown, simultaneously with the making public of four affidavits by Chinese embodying the allegations of bribery. These Chinese declared that Gray was "taking bribes to let games run and 'tip off' the bankers when a raid by other police might be expected."

Says Chang Chau Back of Fight.

All of this Gray absolutely denies and declares that the affidavits were fixed up as part of a scheme by Chang Chau.

Up to press time today Anderson had discovered no clue to the missing girl.

First attention was directed to the matter by Principal Isaac M. Cox of Kalihi-Waena school, who found one

### RAYMOND NAMED ON MAUI BOARD BY THE GOVERNOR

#### Speculation as to Executive Course Ended By Appointment Yesterday

Dr. J. H. Raymond has been appointed to the vacancy on the Maui Board of Supervisors.

Weeks of speculation as to the successor to Philip Pali, who resigned from the board after his appointment as district magistrate of Lahaina, are over. Enemies of the administration on Maui declared soon after Pali's appointment that he had been given the new job by Governor Pinkham only in order that a place might be made on the Board of Supervisors for Dr. Raymond. It was thought for a while that the alleged revelation of the governor's plans might prevent the rest of the story "coming through."

Yesterday afternoon a Maui legislator held a long conference with the governor and immediately afterwards Dr. Raymond's appointment was signed.

### Irish Rebels Shot; Anger Aroused

#### Editors In America Say Bitterness Will Be Higher Than Ever

England's Determination to Crush Rebellion Shown in Drastic Punishments

(Associated Press by Federal Wireline)

LONDON, Eng., May 3.—Patrick Pearse, the "provisional president" of the "Irish Republic," which the Sinn Feins and their followers tried to set up by rebellion; James Connolly, who was styled the "commandant-general of the Irish republican army"; Thomas Clark and Thomas Macdonagh, the latter two being signatories to the republican agreement, have been court-martialed, found guilty and shot.

This announcement of drastic action in suppressing the Irish rebellion and punishing the leaders was made by Premier Asquith in Parliament today. He added that three other signers to the republican proclamation had been sentenced each to three years' imprisonment.

Augustine Birrell, chief secretary for Ireland, has resigned.

DUBLIN, Ireland, May 3.—As a result of the rebellion and the measures taken by the military to crush it, 179 buildings in Dublin have been destroyed, damage has been done to the extent of \$5,000,000, and several thousand prisoners have been taken to England. The cases of a number of women are under consideration. These may be charged with violation of the defense-of-the-realm act.

### NEW YORK, N. Y., May 3.—

Editor Ford of the Irish World, commenting on the execution of the Irish rebel leaders, said today:

"The shooting will only serve to make war between Ireland and England more bitter. Patrick Pearse, like George Washington, represented the people in trying to throw off the yoke of England. Pearse was a prisoner of war and should have been treated as such. The shooting will undoubtedly cause reprisals."

Editor Devoy of the Gaelic American was mentioned today in the superseding indictments returned in the alleged German plot to destroy the Welland Canal. He is alleged to have participated in the activities of plotters.

### MERE CONFLICT OF TESTIMONY NOT PERJURY

Two police officers contradict two other police officers, yet no one is guilty of perjury or inefficiency.

That in effect is the statement of Sheriff Charles H. Rose made in a letter to the civil service commission today. Two weeks ago the attention of the commission was called to the contradictory testimony of Policemen Wright, Chilton, Earhart and Huhli in the case against John Gasper by a communication from the city attorney, which had been forwarded to him by Judge Monsarrat.

On instruction of the commission, Henry Van Gieson, secretary, wrote to Sheriff Rose and Judge Monsarrat asking that they make an investigation and ascertain whether charges against any or all of the officers should be brought before the commission.

Today the sheriff's reply came to Van Gieson. He said, "I have made a thorough investigation and fail to find anything that will justify me preferring charges against anyone."

Judge Monsarrat's reply has not been received.

### DESPATCHES FROM AMSTERDAM AND GENEVA TELL OF SERIOUS TROUBLE IN BERLIN, LEIPZIG

VAST CROWDS DECLARED TO BE CLAMORING FOR PEACE—GERMANY FINISHES REPLY TO U. S., BUT NO DEFINITE HINT OF TENOR GIVEN—IRISH REBEL LEADERS COURT-MARTIALED AND SHOT

(Associated Press Service by Federal Wireline)

BERLIN, Germany, May 3.—Dr. Carl Liebknecht, the leader of the German Socialists, and eight others have been arrested for connection with the May Day demonstration which led to disorders. The Overseas News Agency says that the demonstrations were not serious.

PARIS, France, May 3.—This afternoon a fierce German attack in the Argonne district near Harazee was repulsed with serious losses for the Germans. Artillery duels have been taking place on the Verdun line today.

LONDON, Eng., May 3.—Serious trouble in Berlin and other parts of Germany is coming to a climax in riots involving huge masses of people, according to a despatch today from Amsterdam.

The despatch says that in more than one German city vast crowds are clamoring for peace. They are made up mostly of the wives of laboring-men. Many have been arrested by the police.

A despatch from Geneva today confirms the story told by way of Amsterdam. This despatch says that food riots have taken place at Leipzig, and that the police have killed three persons and wounded 70 others there in attempting to crush the disorders.

Riots have also taken place in Berlin, it being reported that the fighting was so intense 25 persons were killed and 200 wounded.

### Note From Germany Nearly Ready; Will Be Definite Answer to U. S.

BERLIN, Germany, May 3.—The draft of the German note in reply to the American "ultimatum" has been finished. It is still subject to minor alterations and these may perhaps be made after an interchange of views between high German officials in Berlin and those at military headquarters, including the Kaiser. This interchange is now taking place.

In the reply Germany's attitude is to be stated precisely, it is emphasized, so that no room for doubt will be left concerning the exact position Germany takes. The note will communicate the definite nature of the instructions to be given by Germany to her submarine commanders, and other data upon which Washington can judge the situation.

WASHINGTON, D. C., May 3.—The announcement today from Berlin is the first positive indication of the manner in which Germany is attempting to meet the emphatic demand of the United States that she shall cease such submarine war as has resulted in violation of international law and neutral rights.

### MAY TEST LAW CITED WHEN HE WAS ARRESTED

Report is That O. A. Steven is Planning Suit in U. S. or Circuit Court

That O. A. Steven shortly will file in the circuit or federal court a suit to test the constitutionality of the territorial law providing that a penalty be inflicted on persons acting as emigrant agents without a license is the substance of a report which reached the Star-Bulletin today.

"The plans are all up in the air just now," said Steven's attorney today, when informed of the report, "and I cannot make any statement regarding them."

The law referred to is the one under which Steven recently was arrested on four complaints charging him with illegal emigrant recruiting. He pleaded guilty and was fined \$1 in each case by Circuit Judge Stuart.

A few days ago Steven talked the matter over with Assistant United States District Attorney S. W. Kemp and intimated, it is reported on good authority, that such a test-case might be brought in the United States court. Steven inquired as to how such a suit should be started. Kemp informed him he knew of no way where by it could be instituted in the federal court, for the reason that the law in question is a territorial one and does not come within the jurisdiction of the United States court.

Steven's attorney stated that, in case the test is sought, he does not know whether it will be in the circuit or federal court.

About 2 o'clock this afternoon the oil ship Falls of Clyde was sighted off Koko Head. She is bringing a cargo of oil to Honolulu from San Francisco and is reported 15 days out from that port today by the Merchants' Exchange.

### AD CLUB HEARS LIVE TALKS ON SOLDIER NEEDS

Chaplain Fealy's Gymnasium Plan Indorsed; Boxing Question Bobs Up

"What can we do for the soldier?" was the principal topic of discussion at the Ad Club luncheon today at the Alexander Young hotel. Many ideas were advanced during the discussions and as a result President Wallace R. Farrington made a motion that the Ad Club go on record as in favor of Chaplain Fealy's plan for a gymnasium at Schofield Barracks. This motion was passed by unanimous vote.

Brig-gen. Samuel I. Johnson, N. G. H., in a short talk stated that the soldiers wanted boxing, and wanted the Ad Club to go on record as in favor of boxing contests in Honolulu. He stated that the men were trained to fight and the past records had proved that they cared more for boxing than any other move that could be made.

In his remarks he asserted that the people opposing the bouts were only a few members, while thousands had already secured tickets for the boxing contests and wrestling bouts. He stated that the men who were responsible for the recent stopping of a scheduled program which included boxing had "hit below the belt." After his talk the Ad Club went on record as opposed to "hitting below the belt."

C. H. Dickey and Rev. W. D. Westervelt, two members present who were opposed to boxing, talked on the subject. Mr. Dickey stated that he had learned that the contests which were scheduled for the army were flat-out contests with gloves. He also stated that he was glad that it was stopped as he thought it would be a pugilistic encounter. He stated that he was not in favor of bouts being
